

Dear sir and or madam

I have been involved in a cover up by some one in our country and the F.B.I. has refused to do any thing about it even though I have shown them where this case qualifies under our rico statutes as a case that local officials refuse to prosecute. I have sent this evidence to all of the local officials in the state that the crimes were committed and their responses are included. Now it is my contention that this evidence is directly tied to the Oklahoma City bombing of the F.B.I. building and the attacks on September 11. one of the reasons for Osama bin laden doing this act was he said there was an evil faction in this country that revolved around the 11 of September which was the original date for the attack but it was moved up to prevent detection. Now the case that involves me is the distribution of pornography and I believe that my now ex-wife tried to set me up to find illegal pictures of children on my home computer. My best friend was arrested on September 11 for having child porn on his computer but he could prove he did not put these pictures there from credit card receipts so they ran him around and manipulated his life until they were able to catch him breaking other laws and exaggerate them to the point of convicting him of enticing a minor over the telephone which was him telling a fifteen year old boy of a ex girlfriend f---k you over the phone and putting some nude photos of her on some windshields of people in a bar parking lot. Now when he was arrested my ex-wife had to go to the local police and look at these pictures to make sure that none of them were our kids. This is where she got the photos from as she worked as a paramedic for fifteen years and knew all the cops very well. So she either stole them from them or they let her take them home to look at them for some reason. Now in the following papers you will see that all of the people involved in this have not done any thing to expose this my only answer is that they have used these pictures to jail other people now I know the us does not participate in this court but the other countries that are in this war do and deserve justice the same as I do and if Osama bin laden was right and this evil does exist it must be stopped. Any and all help you can give me would be greatly appreciated. I can only believe that I am right evidenced by every one refusal to do any thing about it. I will briefly describe the papers and if you need any further explanation please contact me.

Page one is an e-mail to the office of the inspector general and their response the top of the page is from their web site and clearly states their mission is to assist in combating fraud waste and abuse but they try to send me to another governmental institute.

Page One A is a notarized letter to the office of the inspector general.

Page one B the return receipt from the letter that was not signed for as required but a stamp on the back.

Pages two and three are proof of delivery to the office of the inspector general in October and yet no official response from them only the e-mail

Page four is a response from the F.B.I. telling me that this does not warrant any response from them.

Page four a and b is a copy of the rice statutes that clearly state this case qualifies as a case that local authorities are unlikely or unable to prosecute (#6) the case consists of violations of state law but involves prosecution of significant or government individuals (#7)

Pages five and six are a letter to Mr. Saxby Chambliss one of the senators from the state that the crimes were committed. Now senators do have investigatory powers under our constitution but yet they will do nothing.

Page seven is from the web site for the attorney general of Georgia clearly stating that they fight corruption.

Page eight is the initial response from the attorney general's office where Mr. McLaughlin that he is not clear what I want him to do but he is sure that it is not within his jurisdiction now if he is not sure what I want done how can he know it is out of his jurisdiction. In his letter he cc's the sheriff involved and the district attorney which is understandable but why cc my divorce attorney she has nothing to do with this.

Page nine is a response to the original letter from the attorney general's office explaining what I want done.

Page ten is the response from Mr. McLaughlin after several phone calls

Pages eleven and eleven A are e-mails I sent to Mr. McLaughlin after finding the web site statement about exposing corruption so I asked him if he ever took an oath of office and what he has done to expose this and never got any response.

Page twelve is a response to the other senator from Georgia Mr. Johnny Isakson that was initiated from an invitation to attend a housing seminar in Georgia.

Page thirteen is an e-mail to the F.B.I. tip line.

Page fourteen is copies of the mail receipts going to the congressional oversight committee for government reform and I still have not gotten any of the five return receipts I could understand one or two getting lost but not all five.

Pages fifteen through nineteen are the electronic verifications for the previous receipts as I did not get the return card for any of them yet.

Pages twenty and twenty one are a response from congressman bill foster which I hand delivered this evidence to his office directly. Now they site a law that has only been used twice in our country's history and does not apply to this situation at all.

Page twenty two is a response from me to the congressman's office after reading the 155 page manual for oversight investigation I quoted the manual to show them that this is exactly what they are supposed to be doing. They would not put any thing else in writing

but in a phone conversation with Mr. Bryant from this office I was told there was nothing they could do. I faxed this letter and sent it return receipt mail and the mail was never signed for.

Page twenty three is a mail receipt from the F.B.I. showing one name signing for the package electronically and two others printed. Never a response from the F.B.I. cyber division.

Page twenty four is the original submission to the F.B.I. two years earlier. Never a response from this department this evidence was originally sent to the cyber division and the civil rights division and the only response was from Mr. Peebles see page four

Page twenty five is a copy of the official postal code describing the laws for signing for a piece of mail. Pages twenty three four and five were all sent to the office of the inspector general for the post office and I asked if these laws applied to everyone or is the F.B.I. excluded because they clearly violated them. I received one phone call trying to send me to another department but when I requested it in writing they would not do it and when I asked for a name I got nothing.

Page twenty six is the original letter to the postal inspector and then a follow up letter no response

Page twenty seven a copy of the code of ethics from the web site of the secretary of state who also refused to do any thing about it.

Page twenty eight a response from the state ethics commission telling me they will do nothing about it.

Page twenty nine a definition by the F.B.I. concerning terrorism domestic and international. See section circled, now the threatened violence is the parental kidnapping of my children and they have done this as evidence I have recordings of them telling me what they intended to do and the fact that they have all the cops the department of family services and some therapist that they took my children to behind my back and would never allow me to participate in and still will not release the records for. As for the rest of the definition these papers show the manipulation of the government and their unwillingness to do any thing about it.

Pages thirty through thirty four are a transcription of the recording of me picking up my computer from the Spalding county sheriff department. The recording directly contradicts the report. Enclosed please find a copy of the recording itself.

Page thirty five is the first page of the report from the Spalding county sheriff in this case.

Page thirty six is my questions and concerns about page one of the report.

Page thirty seven is the second page of the report.

Page thirty eight is my questions and concerns about this page.

Page thirty nine the final page of the report.

Page forty is my question about that page.

Page forty one is the first page of the search warrant application. Note the time and fax number on the top of the page. this was faxed 25 minutes after the last entry in the narrative see page 37 #1 09:04:53 6/19/07 and why would they be entering into a report in which the case was closed some 8 months earlier see also the entry marked #2 11:22:23 11/22/06 this entry and the supposed download of the picture was after they already closed the case why? See page 35 under current status it is listed as nl as of 10/18/06 this means it was closed on 10/18/06 now why the added effort for a supposed closed case.

Page forty two is my questions and concerns about the previous page.

Page forty three is another page of the search warrant application.

Page forty four is another page of the search warrant application.

Forty five skipped.

Page forty six is the search warrant used to seize my computer.

Page forty seven is a no knock application but not needed.

Page forty eight is the receipt for the computer that was seized.

Page forty nine is the search warrant return which was not available until long after this case was considered closed by the sheriff department.

Page fifty is my questions about the search warrant return.

Page fifty one is a letter from the Spalding county sheriff after I saw in their report that they stated they downloaded a copy of the picture from the internet and I know that the picture was removed by the person who posted it for or five days after they posted it so I had my divorce attorney request a copy through the open records act and they admitted to destroying the evidence.

Pages fifty two and fifty three are some of the mail receipts I have sent there are many more.

Page fifty four is a letter sent to explain the books that were found in the middle of my divorce.

Pages fifty five through sixty five are the witchcraft books I found during my divorce with the person who committed this initial crime.

Page sixty is the evidence of the mailing to the department of justice I have not had any contact with any one from that office either.

After reviewing this evidence it my assertion that some one is influencing the government to do nothing about this case and further more since the F.B.I. has the authority to investigate this matter I can only assume they are the ones by their own definition committing domestic terrorism. I would like to file an official complaint and ask you to investigate this matter I am aware that the united states is not involved in this court system but the other countries that are in the Iraq war do participate in your court and are entitled to the truth about what Osama bin Laden called evil forces in this country. Note: this case and one other revolve around the date of September the 18 the other case was against my best friend also involving his computer but he was never tried for that crime instead they ran him around and manipulated him into committing other crimes and exaggerated them to send him to prison and if he said any thing they would charge him with additional crimes that are exaggerated as well.

Note: it is my belief that this is also why the F.B.I. building in Oklahoma City was bombed. I believe they ran him around as well and he could not take it any more.

Mrs. Holley this is from the web site of the office of the inspector general so unless I am miss reading it I will expect your office to immediately open an investigation into this matter. now I have sent the evidence including recordings of a corrupt police department and the refusal of the F.B.I. to investigate a matter that clearly qualifies under the rick statutes as a case that the local authorities refuse to investigate. I will eagerly await your response just one more thing I am also aware of a report that the head of the F.B.I. gave to a congressional oversight committee concerning domestic terrorism in it they defined domestic terrorism as any one who willingly manipulates a government or an individual so please keep that in mind because there are international courts that will hold all and any people accountable as our president has requested of us.

Please be advised that the D.C. Office of the Inspector General has jurisdiction only over the programs and functions of the District of Columbia government, which does not include federal agencies such as the FBI.

Dear sir and or madam on November the 25 i sent a copy of some evidence of government cover up by the F.B.I. this was after i sent them proof of some one at the F.B.I. committing what i believed to be mail fraud. so i sent a copy of the evidence and requested that there be a full investigation into why the F.B.I. would try to restrict the delivery of this evidence. i received a cookie cutter response telling me that i would be contacted. when the person who initially called me on my cell phone tried to tell me she would have to transfer me i requested that this all be done by letter or at least by e-mail with some ones signature so they can all be held accountable. to this date i have received no other correspondence from you the mailing in question is tracking number 7009 1680 0000 3894 7902 there was no signature on the return receipt mail why is that? and why is my mail continuing to be interfered with? i sent this evidence to the members of the congressional oversight committee for government reform and did not receive one of the green cards back the tracking numbers are as follow # 7009 0960 0000 0648 8195 to congressman cooper delivered on 1-4-2010 7009 1410 0001 8747 9620 to congressman townes the chairman of the committee delivered on 1-19-2010 7009 0960 0000 0648 8171 to congressman Burten delivered on 12-21-2009 7009 1610 0000 0695 2617 to congressman Chaffetz delivered on 1-4-2010 7009 0960 0000 0648 8188 to congressman Biliray delivered on 1-4-2010 now i can only guess that since i have not received any response from any of the private attorney's i have tried to contact that specialize in this sort of matter and then none of the green receipts over a month after they were signed for i can only believe that my mail is being compromised for some reason. the only reason that i have been able to get is there may be a national security letter concerning my mail and or correspondences so i am informing you that this is not a matter of national security but instead a national cover up by the F.B.I. now i am not sure what part of the whistleblower act applies to your duties but i will expect a written response from you as to why these green receipts including the one from you have no signature on them and where the rest of the receipts are. Thank you for your time and to all!

Dear Mr. Long:

9-110.210 Authorization of RICO Prosecution—The Review Process

The review and approval function for all RICO matters has been centralized within the Organized Crime and Racketeering Section of the Criminal Division. To commence the review process, the final draft of the proposed indictment or information and a RICO prosecution memorandum shall be forwarded to the Organized Crime and Racketeering Section. Separate approval is required for suspending indictments or indictments based upon a previously approved information. Attorneys are encouraged to seek guidance from the Organized Crime and Racketeering Section by telephone prior to the time an investigation is undertaken and well before a final indictment and prosecution memorandum are submitted for review. Guidance on preparing the RICO prosecution memorandum is in the Criminal Resource Manual at 2071 et seq.

RICO reviews are handled on a first-in-first-out basis. Accordingly, the submitting attorney must allocate sufficient lead time to permit review, revision, conferences, and the scheduling of the grand jury. *Unless there is a backlog, 15 working days is usually sufficient.* The review process will not be dispensed with because a grand jury, which is about to expire, has been scheduled to meet to return a RICO indictment. Therefore, submitting attorneys are cautioned to budget their time and to await receipt of approval before scheduling the presentation of the indictment to a grand jury.

If modifications in the indictment are required, they must be made by the submitting attorney before the indictment is returned by the grand jury. Once the modifications have been made and the indictment has been returned, a copy of the indictment filed with the clerk of the court shall be forwarded to Organized Crime and Racketeering Section. If, however, it is determined that the RICO count is inappropriate, the submitting attorney will be advised of the Section's disapproval of the proposed indictment. The submitting attorney may wish to re-draft the indictment based upon the Section's review and submit a revised indictment and/or prosecution memorandum at a later date.

9-110.300 RICO Guidelines Policy

It is the purpose of these guidelines to centralize the RICO review and policy implementation functions in the section of the Criminal Division having supervisory responsibility for this statute.

9-110.310 Considerations Prior to Seeking Indictment

Except as hereafter provided, a government attorney should seek approval for a RICO charge only if one or more of the following requirements is present:

1. RICO is necessary to ensure that the indictment adequately reflects the nature and extent of the criminal conduct involved in a way that prosecution only on the underlying charges would not;
2. A RICO prosecution would provide the basis for an appropriate sentence under all the circumstances of the case in a way that prosecution only on the underlying charges would not;
3. A RICO charge could combine related offenses which would otherwise have to be prosecuted separately in different jurisdictions;
4. RICO is necessary for a successful prosecution of the government's case against the defendant or a codefendant;
5. Use of RICO would provide a reasonable expectation of forfeiture which is proportionate to the underlying criminal conduct;
6. The case consists of violations of State law, but local law enforcement officials are unlikely or unable to successfully prosecute the case, in which the federal government has a significant interest

- PAGE
4B
7. The case consists of violations of State law, but involves prosecution of significant or government individuals, which may pose special problems for the local prosecutor.

The last two requirements reflect the principle that the prosecution of state crimes is primarily the responsibility of state authorities. RICO should be used to prosecute what are essentially violations of state law only if there is a compelling reason to do so. See also the Criminal Resource Manual at 2070.

Dear Mr. Chamberlayne:

I went to your website like you suggested and printed out the page to ask for your assistance. Please find all the contact information you requested below I would like your offices assistance in finding out why the F.B.I. would not investigate the federal laws that have been broken in this case. Now I am just a lay person but I believe that distribution of pornographic material over the telephone is a federal crime and a judge falsifying paper work is also a federal crime and is it a federal crime to destroy evidence in a case. The district attorney will not do anything about it I have also contacted Mr. David McLaughlin at the attorney general's office as the governor had suggested and nothing I have contacted the F.B.I. in Washington at their cyber crime division and get a response from the civil rights division so it is clear it will take someone with much more horsepower than a regular citizen. I have tried to hire numerous private attorneys and none of them had time to take on the case so here I am asking you for your help. As far as Georgians getting first attention in cases I was a Georgian until I caught the sheriff's office lying in their report and feared for my safety and freedom basically I was run out of town and I will have justice in this case some day. On your website it asked that I explain what it is I want done. I would like some answers to the question I asked of the district attorney Mr. Scott Ballard over two years ago I would like to know why the Atlanta division of the F.B.I. put this file into what was called a zero file and why no one else has done anything to tie up to their oath of office and expose corruption at any level. I will include copies of the registered mail I have sent off and the limited responses I have gotten in return. I want all of the people involved in this cover up exposed and prosecuted to the fullest extent of the law. I look forward to your quick response and I will keep you updated on the nonprofit organizations I contact. Someone will eventually get me the answers I seek.

Mr. Long --

Attachments one and two have nothing to do with this office. These involve the U.S. Department of Justice and the "Attorney General" referred to is the Attorney General of the United States, not Georgia or any other individual state.

County sheriffs, their deputies and employees are county-paid personnel and do not work for the state. As I have repeatedly told you, this office does not have jurisdiction or authority to investigate county employees or elected sheriffs.

Dear Mr. McLaughlin when we last spoke on the phone you told me that the law I sent you from the djr website (please see attachment 1 and 2) did not apply to your office but instead to the federal attorney general so I would like to get that in some form of writing from you please. Further more I was on the web site for your office and noticed this public corruption declaration. now the deputy sheriffs are state employees so I would like to know what your office has done to expose and prosecute these individuals. Would you also keep all communication's between us in some written format so I can document this e-mail is perfectly OK for me.

thank you for your time and trouble

A US SENATOR

Dear Mr. Jackson

I recently received an e-mail from your office and when I tried to reply to it the e-mail was returned because your mailbox was full and could not accept any new mail. When the e-mail was returned to me some of the letters were replaced with the " sign so I will retype it and fax it to you.

Dear Mr. Jackson in response to your invite I will not be joining you but thank you for the invite. On another note related item I have recently been doing some reading it was the congressional and in it I read that the senators have investigative powers but when I sent your office some papers exposing the corruption in Spalding County I was told in a letter from your office that it was out of your jurisdiction. Now this case involves two people and two cases of someone trying to set me and another person up for computer crimes and both of the dates revolve around September the 18 and in my case books on witchcraft and spell casting to me it sounds very similar to what this Osama bin Laden claimed to be the reason for attacking our country. I have sent these papers to the local district attorney Scott Ballard and have his signature on the return receipt Mr. Charablis office and got the same response from him as I did from your office. They were also sent to the attorney general's office and David McLaughlin told me in his first response that he was not sure what it was I wanted him to do but he was sure it was out of his investigative power. Now I ask you what's wrong with that statement. How could he be sure it was out of his investigative power if he was not sure what it was I wanted? They were also sent to the governor's office and in my last conversation with Mrs. Davis she said she forwarded the papers to the proper people and when I asked who that was so I could follow up with them I was told she forgot. They were sent to the states attorney and the response was they only take care of reporting contributions. They were sent to the F.B.I. in Atlanta, Washington and hand delivered to the Chicago branch. I was told by the Chicago branch after a week they forwarded them to the Atlanta branch when I called them I was told they were put into a circular file. Now the person who initiated this crime against me has is my ex-wife and has now been given enough time to flee the state taking my children with her they have not allowed me any contact with my children and no current address. When I last spoke with her she told me I needed to forget my personal agenda (getting the truth about this computer crime). Now this is an election year for the senators and the president has called for better transparency in our government so what is your response now to exposing these people? Just one more thing The F.B.I. told a congressional committee in 2002 that the manipulation of a government was considered domestic terrorism. I will eagerly await your response.

I have some information concerning a cover up of some crimes that were committed against me over four years ago, and nothing has been done about it. I would like a response from the cyber division where I sent these papers, this case involves the distribution of pornography and I believe the distribution of child porn as well but nothing has been done about it because these people have used these papers against other people that were also out up for this crime. I have been through every governmental institute and will be forced to ask for assistance from other countries as this case is very similar to the accusations that some hot leads described as both of the cases are based on september 11 and my case includes books on witchcraft and spell casting these people are evil and I have done everything I can do inside this country so unless you get some kind of results I will be forced to ask for help from outside the country, thank you for your time and trouble.

Dear Mr. Bryant I have received your letter dated January 23 and it directly contradicts what the congressional oversight manual in many ways but I will give you the page numbers and headings so we can both reference the same material.

Page # 8 paragraph E the heading for this is investigate alleged instances of poor administration, arbitrary and capricious behavior, abuse, waste, dishonesty and fraud.

Page #9 paragraph I protect individual rights and liberties.

Congressional oversight can help to safeguard the rights and liberties of citizens and others by reviewing abuses of authority, for instance, oversight hearings can halt executive misconduct and help to prevent its recurrence either directly through new legislation or indirectly by putting pressure on the offending agency.

Page #17 responsibilities in house and senate rules

Paragraph b subsection 1

Review and study on a continuing basis the operation of government activities at all levels to determine their economy and efficiency.

Page 21 paragraph A subsection 2

Committees. The most common and effective method of conducting oversight is through the committee structure throughout their histories the house and senate have used their standing committees as well as select or special committees to investigate federal activities and agencies along with other matters.

Page 22 paragraph b

Staff of member offices and committees

Pages 30 and 31 the investigatory process

There were several other pages that I found in this manual that directly contradicted your letter so with that being said I will ask your office one more time to open an investigation into the matters I have brought before you. Thank you for your time and patience in this matter.

Dear Sir and or madam enclosed please find a correspondence that I am in question about I am currently involved in a case that I believe may be part of an F.B.I. cover up when I sent this e-mail I received a response but when I requested a e-mail address and a name of the person sending this e-mail I never got any response so I wanted to make sure that it was in fact getting to the office of the Inspector general. So if everything in this e-mail is correct and it did reach your office please respond with a letter verifying that with a name of the person sending me to another office.

My questions are is it legal for the F.B.I. to print two names on this document and sign electronically in a third name or would that be considered a violation of federal mail codes.

Also please note the e-mail address and confirm or deny that this is an address for the office of the Inspector general for the post office.

Thank you in advance for your time and trouble.

Dear sir and or madam I sending an additional letter to let you know that as of today 11/25/09 I have received a phone call from a person in the Chicago area and she seemed to be confused about what it was that I wanted so I will put it in writing I have found a law on the internet that I believe pertains to this case but I am sure there are many others I will also include the original papers I was trying to send to the F.B.I. so that you can forward them to the proper authorities as I can no longer trust the integrity of the post office. Now with the previous mail being tampered with I will briefly explain the papers I have enclosed. I believe there are some people in our very own government that would like to cover up the crimes that were committed against me in Georgia and as the FBI congressional testimony states that this activity is considered domestic terrorism. So I would like your office to forward these papers and keep me updated as to who they are being sent to so I can follow up with them but I would like to keep all such updates and or correspondences in writing so I can continue to document the progress of this case. Thank you in advance for your time and trouble but we must all do our part if we are to succeed in exposing this criminal activity that takes part in our own back yard as well as other parts of the world.

Georgia Code of Ethics for Government Service

Code of Ethics for Government Service

The O.C.G.A. §45-10-3 authorizes the Secretary of State to publish the Code of Ethics For Government Service established in section 08-10-1 (Ga. L. 1988, p. 1989) for soliciting to the public and employees of the state and all governments therein.

Any person in government service should:

- I. Put loyalty to the highest moral principles and to country above loyalty to persons, party, or government department.
- II. Uphold the Constitution, laws, and legal regulations of the United States and the State of Georgia and of all governments therein and never be a party to their evasion.
- III. Give a full day's labor for a full day's pay and give to the performance of his duties his earnest effort and best thought.
- IV. Seek to find and employ more efficient and economical ways of getting tasks accomplished.
- V. Never discriminate unfairly by the disposing of special favors or privileges to anyone, whether for remuneration or not, and never accept, for himself or his family, favors or benefits under circumstances which might be criticized by reasonable persons as influencing the performance of his governmental duties.
- VI. Make no private promises of any kind binding upon the duties of office, since a government employee has no private word which can be binding on public duty.
- VII. Engage in no business with the government, either directly or indirectly, which is inconsistent with the conscientious performance of his governmental duties.
- VIII. Never use any information coming to him confidentially in the performance of governmental duties as a means for making private profit.
- IX. Expunge corruption whenever discovered.
- X. Uphold these principles, ever conscious that public office is a public trust.

Congressional Testimony

**Testimony of James F. Jarboe, Domestic Terrorism Section Chief,
Counterterrorism Division, FBI
Before the House Resources Committee, Subcommittee on Forestry
and Forest Health
February 12, 2002
"The Threat of Eco-Terrorism"**

Good morning Chairman Molrins, Vice-Chairman Peterson, Congressman Inhofe and Members of the Subcommittee. I am pleased to have the opportunity to appear before you and discuss the threat posed by eco-terrorism, as well as the measures being taken by the FBI and our law enforcement partners to address this threat.

The FBI divides the terrorist threat facing the United States into two broad categories, international and domestic. International terrorism involves violent acts or acts dangerous to human life that are a violation of the criminal laws of the United States or any state, or that would be a criminal violation if committed within the jurisdiction of the United States or any state. Acts of international terrorism are intended to intimidate or coerce a government, influence the policy of a government, or affect the conduct of a government. These acts transcend national boundaries in terms of the means by which they are accomplished, the persons they appear intended to intimidate, or the locals in which perpetration occurs.

Domestic terrorism is the unlawful use, or threatened use, of violence by a group or individual based and operating entirely within the United States (or its territories) without foreign direction, committed against persons or property to intimidate or coerce a government, the civilian population, or any segment thereof, in furtherance of political or social objectives.

During the past decade we have witnessed dramatic changes in the nature of the terrorist threat. In the 1980s, right-wing extremism overlooked left-wing terrorism as the most dangerous domestic terrorist threat to the country. During the past several years, special interest extremism, as characterized by the Animal Liberation Front (ALF) and the Earth Liberation Front (ELF), has emerged as a serious terrorist threat. Generally, extremist groups engage in such activity that is protected by constitutional guarantees of free speech and assembly. Law enforcement becomes involved when the volatile talk of these groups transgresses into unlawful action. The FBI estimates that the ALF/ELF have committed more than 600 criminal acts in the United States since 1995, resulting in damages in excess of 43 million dollars.

Special interest terrorism differs from traditional right-wing and left-wing terrorism in that extremist special interest groups seek to resolve specific issues, rather than effect widespread political change. Special interest extremists continue to conduct acts of politically motivated violence to force segments of society, including the general public, to change attitudes about issues considered important to their causes. These groups occupy the extreme fringes of animal rights, pro-life, environmental, anti-

(WHEREUPON, THE FOLLOWING WAS

SAID:)

MR. BRIAN LONG: Today's date is August 31st.
It's 11:19 in the morning.

I'm here at Olmsted and Associates.

We're going to transcribe a recording of me
picking up the computer from the Spalding County
Sheriff's Office down in Griffin, Georgia.

The following will be the recording made at
the Spalding County Sheriff's Office.

It was a conversation between Mr. Kenneri,
Mrs. Jones, I believe, was the Evidence Locker
woman.

And, it originally it started in the car with
the date and time, and keeps playing until after I
leave the building.

(PAUSE IN THE PROCEEDINGS.)

MR. BRIAN LONG: We are going to play the
recording.

(Audio recording starts)

MR. BRIAN LONG: It is Friday, the 26th.

The County Sheriff's Office just called me
and let me know that the computer is ready to be
picked up.

That they don't know were the computer --

A VOICE: Are you looking for a specific one?

Or just anybody back there?

MR. BRIAN LONG: The boss.

(PAUSE IN THE CONVERSATION.)

A VOICE: She called and told them. They're going to try and see if he's in.

MR. BRIAN LONG: Thank you.

(PAUSE.)

A VOICE: Are you the one here for the inspection?

MR. BRIAN LONG: No. I'm here for my computer.

A VOICE: He's here to see Sergeant Gates.

MR. BRIAN LONG: Yeah. I believe they called her.

(PAUSE.)

A VOICE: Mr. Long?

MR. BRIAN LONG: Yeah.

A VOICE: You can come on back.

MR. BRIAN LONG: Thank you.

A VOICE: You can just have a seat right here. Investigator Gates is looking for your computer and Captain Senierl will be right with you.

MR. BRIAN LONG: Thank you.

1 CBI didn't find it. Find out--

2 MR. BRIAN LONG: I can't file a complaint and
3 have you folks find out where it came from?

4 TOMI KENNERI: I mean, we've already done
5 what we can do.

6 But we don't do it.

7 Once we take it in as evidence based on a
8 search warrant, all right, when the CBI is ready
9 for it, then we do another search warrant for the
10 internal components of the computer, and then it's
11 sent to Decatur.

12 Once they're done with it they send us back a
13 report.

14 They didn't find anything.

15 They can't tell us where it came from.

16 It's -- the picture is there, hasn't been
17 touched.

18 And, apparently hasn't been sent anywhere
19 else.

20 According to them.

21 So...

22 MR. BRIAN LONG: No. She tried to get me to
23 e-mail it to her.

24 TOMI KENNERI: I mean, so right now, there's
25 -- from what I understand, there is no crime

1 TONI RENIERI: You can take it back to
2 whoever YOUR attorney is. And if he knows
3 somebody better that can go into computers other
4 than the FBI.

5 MR. BRIAN LONG: They -- They didn't even
6 look for it.

7 From what she told me they didn't even look
8 for who sent that picture.

9 She told me there was no pastings or no --

10 TONI RENIERI: Right --

11 MR. BRIAN LONG: -- nothing done to the
12 picture.

13 TONI RENIERI: They go through -- look, they
14 go through the entire computer components.

15 They can look at every e-mail that every came
16 in, every e-mail that ever went out --

17 MR. BRIAN LONG: Right.

18 TONI RENIERI: -- on that computer system.

19 MR. BRIAN LONG: Right.

20 TONI RENIERI: They've done all that.

21 And the thing has not gone nowhere.

22 MR. BRIAN LONG: Did they contact the website
23 to find out who sent that picture?

24 TONI RENIERI: No.

25 MR. BRIAN LONG: Of course not.

QUESTIONS page one of sheriff's narrative

On page one of the Spalding county sheriff's dept. law case management report it states

Current status: NL as of 10/18/06.

Previous status: act as of 10/11/06

Two lines after that it says

Notes: 09:04:53 06/19/07

#1 if the case was closed on 10/18/06 as the report says why would someone be entering more data on 6/19/07?

#2 on line 23 of this same report it shows the case as active at 10:49:50 on a date of 10/18/06 so which is it active or NL? This note was entered by varnadoe fi but on that same date entered by Holmes SP (see circle #2)

#3 why was this report not printed until 6/19/07 at 09:09 (see top left of this page) some eight months after it was closed.

#4 if the case was closed as the report states why did it take until January 21 until my computer was returned to me.

On the top of the page it reads incident: 43301 is this the case number that should be referenced

Narrative:

Spalding County Sheriff's Office
Narrative

Made contact with Stefanie Barry-Long (W/F 7-15-65) at the Sheriff's Dept. She advised that she and her husband, Brian Long (W/M 8-3-64), are separated but still living in the same house. She said he called and left her a message saying she had her picture on a website called "M2000" which is a porn site. She said the address to the site is: www.M2000.com/pic.cfm?pic123@13. She said it is of her head and face in the picture, but it is not her body. She said she has concern scars and an appendix scar on her stomach. Brian told her about the picture on Sept 5th, 2006 which is the same date the picture was posted on the website. Stefanie believes that her husband posted another woman's body and Stefanie's picture and put it on the website. She said he is very computer literate and if he couldn't do it he knows someone who can. She also advised that Brian is constantly changing his IP address, which she finds suspicious. She said the pictures were made on July 23, 2006. Stefanie said she worked the entire time from 8 AM on July 22 to 3 PM on July 24, 2006. Brian told her that an camera's can be changed and told her how it could be done. She wants the computer at her house to be searched to find out if Brian did this. I advised her I would try to obtain a search warrant for the computer. It is a Hewlett Packard Pavilion which sits in the dining room of her house. She will call back with the serial # to it.

Misc. Notes

1 09:04:53 06/19/07

The search warrants for the computer itself was not obtained due to GSI Agent Leigh Bates examining the picture at our office. He advised the picture was or suspected in anyway, that it was the original picture. The complaint advised this was not her body in the picture because there were no scars on the body in the photograph where she does have scars on her body. Due to our efforts not and the above information and no action being taken concerning this case the pictures was destroyed.

2 11:22:27 11/22/06

Made copy of picture from web site placed on disk

3 13:33:36 10/11/06

the case is being held as inactive until the search warrant on the computer is completed and the results from that examined.

4 09:17:53 09/26/06

Stefanie came to the office and told me she had found some information. She did found this written on an envelope of a bill that had been postmarked December 12, 2006 so she knows it is recent. The information written down was "Brian www.M2000.com". She said this guy, JC Troy used to be a friend of a husband's. Troy was charged with some kind of pornography charges. She said that her husband had told her he had not had anything to do with him since she and maybe got him to get her picture on the web site for him. Case active until results come back from the computer. Her cell phone# for Stefanie is 678-581-2636.

PAGE TWO OF THE NARRATIVE

On page two of the narrative she said the picture was her head and face but not her body because of scars the picture was made on July 23 a night she was at work and she took an old photo of her and used the scanner at her work to copy it and download it to her phone what she didn't know was that those computers at her work automatically attach an electronic tag that can not be removed this is why they destroyed the picture from the home computer. On this page it says that I am constantly changing my ip address I do not even know how to do this

The next two entries in this report are very interesting to say the least

The first is dated 09:04:33 06/19/07

Now this is five months after the computer was returned to me and twenty four minutes before the search warrant was filed from the magistrate court to the Spalding county sheriff and some eight months after the case was supposed to be closed (see the first page of the sheriff's report #1) it states that the search warrant for the computer itself was not obtained due to GBI agent Vaughn Estes examining the picture in their office

Note: (their was a local police officer for the city of griffin that had the same name I am not sure if this any relation to the gbi agent but awful coincidental)

Now there is no mention in the sheriff's narrative of this taking place no date no time why?

In a letter dated 06/06/07 from captain rarter he states the search warrant was not executed.

The second entry refers back to the first page again it is dated 11:22:23 11/22/06 it says that someone downloaded a copy of the picture from the website and placed it on a disc. The problems with this is that the case was already supposed to be closed (see the first page of the report #1 as of 10/18/06 the case was rd) the other problem with this statement is that the picture was removed from the website by the person who posted it before the sheriff confiscated the computer on 9/18/06 the only way I was able to access it was because I had it book marked in the computer so I would be curious to ask who downloaded this picture from the website.

The next entry in this report 13:53:58 dated 10/11/06 states that the case is being held inactive until the search warrant on the computer can be completed and the results from that examined.

In the last lines of the next entry dated 09:37:53 09/29/06 it states that the case is inactive until the results come back from the computer. Now if they were already waiting for the results on 9/29/06 how can they be waiting for the search warrant on 10/11/06?

Note: the web address for the picture is [www.mrbog.com/pic.cfm? Pic32875](http://www.mrbog.com/pic.cfm?Pic32875)

AFFIDAVIT A
CASE NUMBER 2024-01873
WARRANT NUMBER 20-6-18/16

ATTACHMENT A

I, MR. PAIGE HOLMES, HAVING FIRST BEEN SWORN, DO HEREBY STATE AND DEPOSE AS FOLLOWS:

THAT I AM A SWORN DEPUTY SHERIFF IN A&D FOR THE COUNTY OF SPALDING, STATE OF GEORGIA AND CERTIFIED BY THE STATE OF GEORGIA AS A PEACE OFFICER. MY CERTIFICATION NUMBER IS PALE-2008088. I HAVE BEEN SO EMPLOYED FOR THE PAST NINE YEARS IN LAW ENFORCEMENT. I AM PRESENTLY ASSIGNED TO THE SPALDING COUNTY SHERIFFS DEPARTMENT CRIMINAL INVESTIGATIVE DIVISION AND EMPLOYED WITH DUTIES OF CRIMINAL INVESTIGATIONS.

DURING MY TENURE AS A LAW ENFORCEMENT OFFICER, I HAVE WORKED ON AND PARTICIPATED IN NUMEROUS SEARCH WARRANTS.

I HAVE ALSO INVESTIGATED NUMEROUS MAJOR CASE INVESTIGATIONS, SUCH AS BURGLARY, B&K, HOMICIDE, FORGENT AND OTHER CASES INVOLVING CRIMINAL INVESTIGATIONS. I HAVE ALSO SERVED AND EXECUTED SEARCH WARRANTS, AND HAVE SERVED EVIDENCE DURING THOSE SEARCH WARRANTS.

ON SEPT. 14, 2024, MR. HOLMES RECEIVED A REPORT FROM THE VICTIM, Stefania Berry-Love, who advised that a picture of her had been posted on a pornographic web site (XNXX). She advised her husband, whom she is separated from, called her to advise her of the picture being posted. He advised that the head on the picture is hers and she believes that the body in which she is wearing is hers but another woman's body has been posted to her head. She believes that her husband has taken a picture of her and posted another body to it and posted it on the website because of the marital problems they are having. She advised he is very computer literate and it would be completely within his abilities to do this.

WITH THIS INFORMATION, WE ASK THE FOLLOWING:
THAT A SEARCH WARRANT BE GRANTED

THAT A SEARCH WARRANT BE GRANTED FOR THE PURPOSE OF SEARCHING THIS RESIDENCE TO SEIZE THE VICTIM'S MOBILE PHONE 4800 Computer Hard Drive Tower Case 80P44201X or SER# 80P44201X, AND ANY OTHER ILLEGAL ITEMS OR CONTRABAND FOUND DURING THE EXECUTION OF THE SEARCH WARRANT

SWORN TO AND SUBSCRIBED BEFORE ME THIS 18th DAY OF SEPT. 2024,

Paige Holmes

Search warrant return

My only questions about the search warrant return is how can it be returned before it was even taken out and when I questioned the judge about who changed the dates on it I was told it was the judge who signed it and she would not comment any further.

Reference: Open Records Request

Ms. Richardson:

I have received your Open Records Request dated 2 August 2007, reference Brian and Stefanie Long.

I have already complied with the original request that you sent. The investigator in this case has tried to explain to Brian Long on several different occasions, that the evidence in this case has been destroyed. Once the investigator found that no crime had been committed, and after contacting the victim (Stefanie Long), the case was closed and the evidence was destroyed.

As we have explained to Mr Long, there is no photograph, no disk and the search warrant was not executed by the GBI because the picture was deemed not to have been tampered with, and the victim stated it was not her. The case was closed.

If I can be of any further assistance in this matter, please feel free to contact me at 770-227-3400 ext 230.

Sincerely,

Captain Tony Ranieri
Chief Investigator

As you can see from the books I found during our divorce she is involved in witchcraft and spell casting now it is my concern that she may be exposing my children to this. Now this case has taken so long to expose she has been able to flee the state with my children and it is also my concern that she may try to flee to her original birthplace of germany. So any and all help you can give me would be greatly appreciated.

Thank you for your time and effort to clear up this injustice.
